

These Major Events Support Fund Application Guidelines apply to the Major Events Support Fund (MESF) application process and outline the objectives of the funding, eligibility requirements, and the application assessment criteria and process.

1. Introduction

Venture Timaru recognises the positive contribution events make to our District.

Events provide a valuable platform to generate domestic tourism activity whilst also supporting local economic activity across the District. Events can also help to improve social cohesion, community spirit and pride, develop a stronger identity and sense of place, and generate national and global media profile.

2. Objectives of the fund

The Major Events Support Fund is sourced primarily from Timaru District Council, and the Government Regional Events Fund (REF). The objectives of the fund are therefore as follows:

- Demonstrate economic and social benefits to our district communities and be targeted to attract visitors from the wider region and beyond whilst ensuring high levels of community engagement.
- To support event organisers to deliver events that drive sustainable growth in domestic and future international visitation and promote the Timaru District's unique identity. The purpose of the Regional Events Fund (REF) is to stimulate inter and intra-regional visitation through funding events that will encourage expenditure missed by international visitor markets.

Venture Timaru's investment will be targeted with a specific focus on events that:

- Promote domestic and future international tourism – increasing visitor nights and promoting longer stays, encouraging increased tourism spend & stimulating economic activity
- Support the Timaru District's & Tourism New Zealand's Tiaki Promise & values
 - Hosting and looking after our visitors
 - Guardianship of natural resources
 - Strength is not that of an individual but that of the collective working together
 - Focus on increasing value
- Generate positive exposure for the District & opportunities to leverage the Timaru District's profile
- Create long-term legacy for the Timaru District
- Help generate visitation in the shoulder or low seasons (outside of December – February inclusive)
- Sustainability:
 - Long term event sustainability, the ability to generate support beyond this funding
 - Environmental sustainability, showcase strategies in place to mitigate the impact to our environment and reduce waste
 - Events which bring significant benefits from outside of the Timaru District.

Under the COVID-19 Alert Level system, the risk of exposure to COVID-19 and transmission in the community remains. Please identify what your plans are in relation to delivering your event within the current COVID-19 Alert Level system and how this could be affected if Alert Levels were to change. Please clearly identify any significant timelines that would impact the planning or delivery of your event and how risks will be mitigated.

Should your application for funding be successful, further information and documents may be required to facilitate your event through Timaru District Council, Iwi or other parties. As an event organiser this is an essential requirement and will be requested prior to any funding being provided by Venture Timaru.
